Contract

(Diaz Household, Star's Bedroom)

Star scratched her chin in contemplation. "So, you're telling me that if I accept to do this thing, I will be able to not only pefect the use of my magic wand, but have enough strenght to defeat any enemy that might come in my way." she opened her eyes, showing slight doubt. "Is that what you're saying?"

The person she was talking to was Kyubey, who tilted his head before answering, "Pretty much."

"I'm in!" yelled the princess as she shook hands with the critter.
